# What Could We Accomplish If We Were Excited About the Next Day?

Well, summer is upon us and I believe most of us are excited about the things it brings. Not many of us go without a vacation and we always plan to get the most out of it as possible. To do that we will decide in advance where we'll go, sometimes even where we'll eat, and what we'll do for excitement or relaxation.

With all this preparation going on, at work and at home, you will make a list of the things you will need to accomplish just so you can get away. Because of the anticipation of all the fun you're about to have, the *day before* will be the most productive day of the year.

Just think how much we could accomplish every day if we were excited about the next day.

I believe if we will use some of that excitement and sense of purpose in Ruritan the result would be unequalled success. On March the 31<sup>st</sup> we had our "Make a Record Day". The record for membership for one day is now **53 members**.

The member with the most new members for that day was Chad Aspinwall of the **Port City Philanthropy (NC) Club** in Cape Fear District. Chad received the \$500 gift certificate from StubHub. Great work, Chad!

The District with the most new members was Lower West Virginia, which means they will be up front during business sessions in Knoxville's 2011 convention. I know we can do better than 53 members in a day, so there is another opportunity to break that record on September 30<sup>th</sup>. I ask that you participate. It can actually be fun and we all benefit and make Ruritan stronger.

In the time since the convention I have had the opportunity to attend several club anniversaries and they have been a ball! Meeting members who have served their communities for 50 years and beyond has been such an honor. They all have a few things in common. They view their club as an extended family, love their community, and know the greatest joy in life comes from serving others.

Besides visiting clubs, attending the state rallies is great fun and an opportunity to meet the leaders of Ruritan who are usually leaders in every endeavor. In the country the saying has always been "the cream always rises to the top" and that was considered the most valuable part.

As National President I will always be encouraging you to grow. Growth means teaching others how to do what you're doing. The projects you put your time and energy into are what make you proud to be a member. A new community down the road would also benefit from your experience. It's kind of like the story about teaching someone to fish instead of just giving them a fish. Teach them how and they will never hunger again.

This time of the year also includes a couple of great events: the adult leadership conference in June and the youth leadership conference in July. From either conference you will go away with new information and will have benefited from spending time with other individuals with attitudes of service. You'll have fun, too.

All of our national committees are working to make our organization better. I am convinced that as we get better we will also get bigger. Our information technology (IT) development has and will continue to improve how we collect, record, and archive information to make reporting and communication more efficient. Our Risk Management Committee has been successful in developing new policies that will make Ruritan better prepared for the future.

# Ruritan Values Leave a Lasting Legacy

He was a good man.

That was the sentiment that was expressed over and over at Curtis Graham's funeral. It was true. I wonder if most Ruritan's knew how devoted and committed Curtis was. He was

a good Christian, father, husband, friend, mentor,

employee, a good Ruritan.

Curtis served both in a volunteer capacity and in a professional capacity for Ruritan. He served in most positions on the club and district level and as a national director. He was an employee through four executive director tenures, working tirelessly the whole time to grow Ruritan. He took with him a vast amount of knowledge that is likely only available in bits and pieces in so many of the members he touched, recruited or taught.

He loved Ruritan. He loved it because he saw and knew the value it has to people. He knew the value it brought to a community. He understood that a community without a Ruritan club needed Ruritan. That is what drove him.

There is no doubt that Curtis was involved in the formation of hundreds of Ruritan clubs either directly by forming them himself or indirectly by encouraging and mentoring club builders and giving them the guidance that he knew would help them be successful. Even more important, Curtis touched the lives of perhaps thousands of people through the

volunteer service provided by the clubs he formed or influenced others to organize. Curtis helped people through Ruritan who will never know he helped them or even know his name. Nevertheless, he helped them. Curtis Graham recruited me into my first Ruritan club.

*That is what Ruritan represents ... giving what you can back to a community that needs it.*

Today I am a member of a small club made up of good people having fun together and accomplishing good things. I sat in my last club meeting and felt very proud as we gave money away to

nearly 20 recipients totaling over \$6,000. We don't always have that much to give but we always give what we have. That is what Ruritan represents ... giving what you can back to a community that needs it.

I was also proud that Curtis was given the first ever **Ruritan Who's Who** designation in Ruritan. You can read more about the Who's Who program on page 8 and more about Curtis on page 9 of this publication. **Who's Who** is a way to honor any Ruritan who has given much but who may not always receive the accolades that they deserve. Living recipients will receive a pin and all recipients will receive a picture and 500-word biography on the Ruritan website.

Ruritan is good. Be persistent. Recruit that member, form that club, help those who need you. You most certainly **will** be making a difference.

# Persistence: *Ask and Keep On Asking*

We are well into the year 2010. Time is certainly not standing still.

We all know the saying, "Time waits for no one." The older we get, the more we hear ourselves say, "Where has time gone?" We, as Ruritans know all these sayings to be all too true. We also know that we cannot wait any longer to help grow our fine organization. There is no better time than the present to expand Ruritan.

The current year started out with the question: "Will 2010 BE a Growth Year or will we just stand still?"

We need to re-phrase this. We need to think this as a positive statement, not a question: "Do not stand still. Make every year a Ruritan **growth year**."

What happens when you stand still? You get passed by.

What happens when you get passed by? You fall farther and farther behind.

We, Ruritans, don't need to stand still as individuals or as clubs. We don't need to get passed by or passed over by potential members and we don't need to fall behind for any reason.

What is the reason a club is not growing? There should not be any reasons or excuses.

Our organization has numerous pins and coins to reward growth, to provide recognition, and to create incentives to grow.

We have all the tools in place to assist – from flip charts to CD's. We have the best story line to tell. It's a message of "Fellowship, Goodwill, and Community Service."

We have everything we need to make growth happen. All we need to do is **ask** someone to be a Ruritan and **keep asking**.

Be persistent. Keep pumping up Ruritan.

Make *today* a growth day. Make *this month* a growth month. Make *this year* a growth year. Make every year a growth year for Ruritan – for tomorrow will soon become yesterday.

**Good luck and great growing!**

– 2010 National Growth  
and Development Committee

## New Alexander Ruri-Teen Holds Flag Ceremony

At the **Alexander Ruri-Teen** (NC) charter meeting, in 2009, a flag folding ceremony program was held. Miranda Jansen and Bailey Ingle told the meaning of the flag folds and why there are so many steps.

Vanessa Jansen and Tanner Ingle are shown folding the flag.

The club was chartered in the Western North Carolina District and sponsored by DRM Shelby Earp.

## Ruritan 'Nourish Your Community' Food Drive Sept. 11

Ruritan would like to encourage all clubs to participate in an organization wide day of service on September 11, 2010 by conducting a food drive for your local food bank. In Virginia we will once again cooperate with AARP of Virginia on this food drive.

Clubs may set up a collection point for food delivery, have members available to receive the food, and to publicize this event to your members and local community. Your club decides which local food bank gets the collected food. Ruritan National would like to keep a master list of clubs planning to participate in 2010. **If your club is interested please email [office@ruritan.org](mailto:office@ruritan.org) or call toll free at 877-787-8727 to be added to the list.**

In 2009 Virginia Ruritan clubs piloted the program, working with AARP on an October food drive. Ninety-five Ruritan Clubs in the state collected 27,478 pounds of food, and \$4,511.00 in cash donations.

# Youth Clubs Dominate Early 2010 Growth Efforts

Of the five new clubs organized early in 2010 – four are either Ruri-Teen clubs or college clubs. The first Ruri-Teen club in the Davy Crockett District, was organized and chartered January 12, 2010. The **DeBusk** (TN) Ruri-Teen club had 16 charter members and met at the DeBusk Volunteer Fire Hall. Davy Crockett District Governor Larry Taylor, Lt. Governor Patsy Shelton and Past National President Bob Bailey were in attendance. Club members are pictured at right.

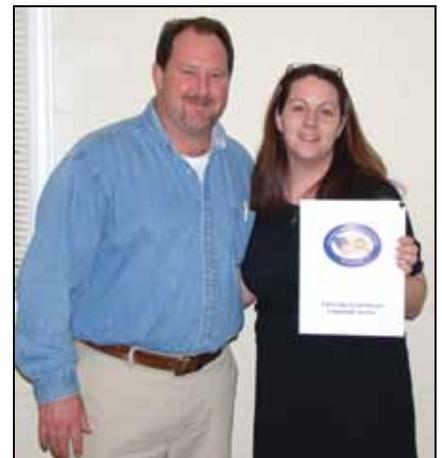

On March 3, 2010 the **Bridgewater College** (VA) Ruritan Club was presented its charter by Ruritan National President Jerome Rodes. The **Bridgewater** (VA) Ruritan club is the sponsoring club and the club is the fourth Ruritan college club in the nation. Pictured are Jerome Rodes and members of the club.

In addition to new club growth – youth clubs continue to reach out to potential members. In March, 2009 National President Donald Worrell visited the **Severn-Pendleton** (NC) Ruritan Club and presented an award for the largest percentage of growth in 2009 to club president R.P. Watson. The club's percentage of growth exceeded 200 percent. R.P. Watson is shown with new member Stephanny Marshall after he presented her Ruritan pin.

Regular Ruritan clubs are not to be left behind – they are also inviting members of the community to be a part of our organization. The **Brownsburg** (VA) Ruritan Club announced the induction of four new members in January. According to Club

President Pat Patterson, "this year we are concentrating on bringing new talented individuals to the forefront of our local chapter. We are pleased to accept our newest members based on their commitment to serve the local community. That is what Ruritans are all about." Patterson, who took office officially on January 1, said he has big plans for the club this year.

## MILITARY SERVICE

U.S. Military personnel who are also Ruritans and who might be unable to attend regular meetings should not be counted as absent according to the Ruritan National Board of Directors.

If your club has a member currently serving in active duty, your club secretary should count him or her as "present" at meetings so that his or her absence doesn't penalize the member or cause the club to fall short on attendance percentages.

The Board cited the National Constitutional provision for using "four hours of community service" as the equivalent of a make-up meeting -- a substitution that members of the U.S. Military are surely qualified to use.

# Committee Targets Next Round Of Projects

The Ruritan National Capital Replacement Committee, in a letter to all Ruritan clubs, has extended heartfelt thanks for the generosity shown during the last 16 months of fundraising to make improvements at the National Office.

The Capital Replacement Committee met this spring to review the second round of improvements. While the new windows will save money on heating and cooling, the committee has received bids to insulate above the ceiling with fiberglass insulation and has placed this project at the top of the list for the second round of improvements.

The second priority is to reconfigure the existing bathrooms to add handicap facilities in both the restrooms, as well as, changing stations for families that have children who visit the office. Currently, there are no handicap facilities at the National Office. The final priority in this round of improvements is to add new more efficient lighting to the National Office.

The committee noted, "Again, we believe that this will save members money for years to come. We are considering a number of options including LED lighting that is very energy efficient."

The committee, which consists of chair Joe Hul-

ver, and members Calvin Shelton and 1988 National President Willis Overby, put the goal for this second round of fundraising at roughly \$45,000 to add to the \$12,000 still in the capital replacement fund for a total projected cost of \$57,000 for these three projects.

## *Spirit of Holland Memorial Comes to National Office*

*The site of the Holland Memorial – which commemorates the first Ruritan Club, begun in 1928 – is now a part of the National Office, thanks to the efforts of 2009 National President Donald Worrell and two dedicated Ruritan volunteers. Large panels showing the three sides of the monument – as well as a fourth panel showing the historic road marker in Holland, VA – now hang on the walls of the Ruritan National Office in Dublin, VA. The beautiful photos are the work of Daniel Trevors, a member of the Durants Neck Ruritan Club (pictured at the bottom left) while Andy Morris of the Whaleyville Club, who built the frames holding the pictures, is shown (top right) with President Worrell.*

# Who's Who Honors Special Ruritans

The National Board of Directors passed the motion in April to establish an electronic Ruritan Who's Who . This new program will recognize any individual members of Ruritan for their lasting and significant contributions to the local community, club, zone, district and/or national organization. The application must be accompanied by a \$100 payment made out to Ruritan National as well as a good quality photograph. (Submissions are limited to 500 words or less.)

Recipient biographies and pictures will be featured on-line through the Ruritan website and a computer

at the National Office will be dedicated to allowing visitors to scroll through the Who's Who honorees. Each living Who's Who recipient will receive a special pin.

*Accomplishments should be listed in detail including offices held at every level, years of service, significant projects worked on/completed, special activities, organizing or assisting to organize new clubs, new members recruited, and more.*

The application fee will go into the capital replacement fund to be used to maintain the national office.

If the fund reaches \$100,000, additional money will be put into a certificate of deposit to be used for emergencies as approved by the Ruritan National Board of Directors. The first Who's Who recipient is the late Curtis Graham.

# Longtime Ruritan Employee Curtis Graham Dies

Former Ruritan employee and 1965 New River District Governor A. Curtis Graham, died on March 4 at the age 87. He was a veteran of W.W.II having served in the U.S. Navy, was a graduate of Virginia Tech class of 1949, and was an avid Hokie fan for over 60 years. Curtis retired from Ruritan National with over 30 years of service, having served as Assistant Executive Secretary, and Acting Executive Director for a period of time. He was a charter member of the **Ruritan Road** (VA) Club, and a member of the **Dublin** (VA) Ruritan Club and served in all major club offices. He is survived by his wife of 59 years: Helen Smith Graham of Dublin, a daughter Sandy Myers and her husband Keith of Roanoke, a son Robbie Graham and his wife Jaime of Dublin, and a sister and brother-in-law of Radford. He is also survived by two grandsons, Scott Myers and Gregory Myers.

Funeral services were held at the Dublin Presbyterian Church with Ruritan leaders serving as pall bearers and with a Ruritan tribute given by 1993 National President Wayne Bettis. Memorial contributions may be made to the Ruritan National Foundation P.O. Box 487 Dublin, VA 24084.

After almost 50 years as a Ruritan, 28 of those as a paid staff member, Curtis retired from the national staff in 2001, where he most recently had held the position of special assistant to the executive director – primarily focusing on club growth. Reflecting on those years of service, Curtis noted at the time of his retirement that he was “100 percent pleased” with the sum total of his life’s work and his efforts to build a better Ruritan organization. “It has motivated me to be better informed and a better communicator,” he said, “I have improved over the years to allow me to enjoy my work role and my community involvement.”

Following his retirement, Curtis was interviewed by a Ruritan college intern where he outlined his “sales pitch” for the organization *“Three words describe Ruritan: fellowship, goodwill, community service. These would apply at any age. Speak about goodwill, whether it be economic or spiritual, in a community. We encourage the activities and the fellowship will never end ... Community service to your neighbors can apply to all of us ... Ruritan was so intelligently developed that you can talk about the advantages of Ruritan at any age or with any group, male or female.”* Curtis also explained what being a Ruritan leader had done for him personally over the years. *“When I was younger I was an inefficient active public speaker. Ruritan not only*

*helped me become a better public speaker but it helped me to speak to all kinds of groups ... In these situations, I improved over time and Ruritan helped me master speaking in front of any size group and being more confident.”*

## Ruritan Staffer On The Mend

Ruritan club accountant Nancy Lester, who has been with the national office staff for over 35 years, is recovering from surgery for pancreatic cancer. Her surgery, on May 7, went very well and she was discharged from the hospital a week later.

Nancy noted that all of the cards, notes, and prayers from Ruritans were a blessing during the chemotherapy and radiation treatments that preceded her surgery. She said, *“Thank you so much for your cards, prayers, and concern since my diagnosis of cancer. My heart overflows with love for my family, my friends, my Ruritan family, and my church family. I am so blessed to have so many praying for me and I am so thankful for each and every one of you. I have faith that God does answer prayers and is answering yours and mine.”*

# We Can Do More With YOUR Increased Support

Fellow Ruritans:

The Ruritan National Foundation has two major areas of emphasis. One is Operation We Care (OWC) and the other is the educational fund. The OWC fund operates with a very simple philosophy of collecting funds, holding them until there is a need, and then distributing the funds based on federal or state declared disaster areas. Since OWC funds are simple collection and distribution events, these funds need to be replenished.

Richard Keener  
2010 Foundation  
President

The education fund operates by collecting contributions and investing them with the income being used for the Build Your Dollars program and the growth used to fund the regular education foundation grants.

Contributions to the education fund are needed so we can increase the amount of each Build Your Dollar Grant. Your Ruritan National Foundation Trustees met April 7-9, 2010. The trustees are: Bruce Thompson, Cleve Wright, Norman O'Dell, Danny Privott, and myself. There were 361 applicants for the "Build Your Dollar" grants and an additional 20 scholarship grants were awarded by the trustees. The amount for each BY\$ grant was a \$230 addition to the original \$300.

Your Ruritan National Foundation Fellowship Weekend is September 17-19, 2010 and will be held at Cherokee, NC. Make your reservations at the Holiday Inn. Call (828) 497-9181 and mention the Ruritan rate of \$89. Each Holiday Inn registration will receive a chance on a free two-night stay at some other time during the year.

The end of the first year is fast approaching for your foundation's program to raise funds. The challenge for each year is for every Ruritan and Ruri-Teen to save ten cents per day and have a total of \$36.50 by September

30. In that way your Ruritan National Foundation could receive over ONE MILLION DOLLARS in tax-deductible donations. This initial five-year program may be extended beyond the first five-year period.

What a great asset this could be for granting more and larger scholarships in the years ahead, providing our membership responds to this challenge. Remember this is a volunteer program. Each year in April, and 2010 was no exception, your foundation trustees meet to evaluate grant applications received. There are always a large number who do not receive scholarship grants. This year approximately one-third received grants and the remainder were not funded.

Why? Because we did not have sufficient funds to generate the income necessary to support the full number of requests. This is why it is so important that every Ruritan and Ruri-Teen consider supporting your foundation in this very small way - only 10 cents per day - in order to help fund these unanswered requests. The challenge is before each of us and your positive response is requested.

2010 Foundation President,  
Richard Keener

# Ruritans Forever Number Nears 300

As this issue of RURITAN goes to press there have been 299 Ruritans named as Ruritans Forever since the program's inception in 2001. Ruritan Forever is a plan for the payment of national dues by members who wish to make a long term investment in Ruritan. The Ruritan Forever plan allows a member in good standing to pay \$600 and become a life-time participant of the national organization. A Ruritan Forever endowment may be purchased by a member in good standing, or may be purchased for a member in good standing. A Ruritan Forever endowment may be purchased to honor a non-member provided they are brought into a club as an associate member at the same time. The lifetime endowment may also be purchased in memory of an already deceased Ruritan, ensuring an ongoing contribution to the operation of Ruritan in his or her name. Upon payment of the fee, the Ruritan will receive a certificate, a permanent life participant card and a pin.

Two of the most recent additions to the Ruritan Forever program are Past District Governor Jerry Gallman and former Ruritan National First Lady Lou Rader. ## Ruritan Road (VA) Donates \$8,000 to Charity

**Ruritan Road (VA)** Ruritan Club made a unanimous decision in 2009 to apply for Virginia bingo license. The license was approved and the club started their game in August. In less than a year, the club has donated over \$8,000 to the community. At the clubs April meeting, they voted to donate an amount according to the need. At this time, Beulah House Hospice was in desperate need so the club donated \$1,000 to this facility. Beulah House is an intensive assisted-living facility providing care and comfort measures for persons who have a life-limiting illness and who do not have a willing and able caregiver. Pictured at right are club member Betty Alley and Beulah House founder Judy Epperly.

Heritage Cares Food Pantry received a check for \$467. One of the volunteers from the Food Pantry told President Bonnie Westpfahl, that one dollar buys five cans of food, so in essence the club bought over 2,300 cans of food.

Free to Talk Ministries, Inc. received \$350 for a fishing trip for children who have been removed from abusive homes and are currently living in transitional housing.

A young lady in the community with cerebral palsy was in need of a "barrier free" shower. A donation of \$450 was given, so she will not have to be lifted into the tub anymore by her caregivers. Tears of joy shown in her eyes and the eyes of club members when she received the check.

## RULLY K Program Encourages Early Reading

Everyone in the room – from volunteers to educators – agreed: the earlier children fall in love with books, the better their odds are at reading well in school. And reading, they also agreed, is the lynch pin of a good education. The gathering was the kick-off press conference for **RULLY K** (Ruritan Unrestricted Library Loan program for Young Kids ) the brainchild of **Bonsack/Blue Ridge** (VA) Ruritan Jim Ruhland. The project, complete with a business plan, has garnered sponsorships and donated services in excess of \$10,000 to provide 1,600 preschool level books for the local library. The collection will be housed in a separate section and is available for pre-school children to check out without going through the traditional library loan process but instead using an honor system with no fines for unreturned books. The club understands some books will not be returned – but is prepared to replace books as needed to keep the system working. Not only has the club been willing to put forward a financial commitment, they have invested time – reading every book and placing labels in them.

On hand for the kick-off event and pictured at the top were (l-r) National PTA President Chuck Saylor, Ruritan National President Jerome Rodes, Ruritan National VP Jayson Duncan, and Natural Bridge Governor John Murphy. Also present was National Secretary JoAnn Wenger and many club members as well as representatives from all of the sponsoring agencies. Clubs that would like to model the RULLY K plan should contact Ruritan Service for more information at [service@ruritan.org](mailto:service@ruritan.org).

Jurney, who died in late 2009, was a decorated WWII veteran, and Ruritan members proposed the fund raiser to honor his life and his support of the club.

The money raised became a part of an ongoing effort to see that area WWII veterans get an opportunity to view the recently completed memorial in Washington, D.C. that honors their service to America. Dubbed the "Flight of Honor" by local press, groups of veterans from this area receive an escorted, all expense paid flight to Washington.

Not only do they visit the monument, but the day provides an opportunity to socialize with others who served, and to receive the thanks and accolades from fellow Americans. Donations from the supper event will provide a chance for two local individuals to participate.

## Harrison (TN) Receives \$10,000 For Renovation

Thanks to the generosity of County Commissioner Bill Hullander the project received an additional boost with the recent presentation of a check for \$10,000. The completion of this renovation project will enable the club to dramatically increase fundraising efforts. Commissioner Hullander has been an instrumental figure with Ruritan Clubs for many years. And, on behalf of Hamilton

County, he has helped the community service organization provide various projects in the county. He provided a county donation of \$3000 a few years ago to remodel the restrooms in the club building. On behalf of Hullco, Inc, his family's business, he donated windows to the club during a renovation.

As the club joined Ruritan National efforts to build a Habitat for Humanity house in Chattanooga a few years ago, Hullco donated windows and doors for the project. Last year He donated a high-quality stainless steel flagpole for the display of the Tennessee flag. Two years ago, he assisted the Birchwood School in completing a fence around their playground which prevented neighborhood dogs from bothering children at play. This project led to the establishment of Hamilton County's newest Ruritan Club, **Tri-County** (TN) Ruritan Club.
