## Landau Eugene Murphy, Jr. 2019 Hampton Convention Banquet Entertainment

## Message From 2018 National President Guy Cox

### See you in Hampton!

My Ruritan year is about half way completed. So far, it has been a pleasure to visit the many locations where we have been invited. I am sorry that we have not been able to visit everywhere, but we have tried to accept the first requests that we have been given.

One of the greatest honors was the invitation to introduce Bernard Mire at the Memorial Day wreath laying at the Southwest Virginia Cemetery. Bernard turned six years of age the day before D-Day and he and his family were trapped in their basement due to all of the artillery shells that were falling all around their home. When General Dwight Eisenhower first met Bernard, he apologized for missing his birthday party but he was a little busy that day.

Linda and I have been amazed by the out pouring of love that the many Ruritan clubs and districts are dedicating to the Homeless Student Project. We knew that it was needed and have been amazed how you have accepted this project and how many students will be blessed by your donations, whether monetary or the presentation of school and personal supplies. With school just around the corner, your contributions will give them the assurance that others are supporting their goals to succeed. Please remember that they are great students, their family has

fallen apart and they are trying desperately to be successful in school and continue to further their education. We helped prepare 350 back packs for schools in the New River Valley while at the Summer Leadership Conference. This project needs to continue year after year.

Growth is always a concern of Ruritan. The clubs, district cabinets, and National Directors have been working to retain members and grow Ruritan throughout their clubs, zones, and districts. Although, we are still in the negative numbers for growth, we are less than we were at this point last year. Thanks to Past National Presidents Calvin and Danny for continually stressing the importance of growth during their terms as President. I would also like to thank the Growth, Development, and Retention Committee for all of the ideas they have had during the past few years to accent the importance of growth.

With this in mind, who would not want to win a Ruritan Forever for themselves or someone else? No more Ruritan National dues ever.

Plans for the National Convention have been completed. We have everything lined up and people in place to give you some great training as well as very well-organized business sessions along with great meals and entertainment. A large percentage of our Ruritan membership is within 100 miles of the Hampton Convention Center. Please come out and visit with your old friends, make some new friends, and enjoy all of the activities we have planned for you.

### The Most Important Attribute is Attitude

Years ago shortly after I started working for Ruritan, Virginia Tech did a study of why members are leaving Ruritan. One of the conclusions that they reached is that the current membership would soon pass away, and Ruritan with it, unless some-

thing is done to encourage new groups to become members.

Several years later a special Financial Advisory committee reported that unless substantial changes were made to the organization we would be non-existent in 10 years. That was over 15 years ago and we have been able to remain a viable organization helping people all over the country.

Our membership has decreased on average 600 members a year in the last five years. While our membership has decreased the need for Ruritan has not. People don't have fewer needs. People don't care less. We have survived because our cause is so noble. We begin with the idea that service is the basis of all worthy enterprise.

I do not believe that Ruritan is dead or dying. One of our Past National Presidents used to say "whether you believe Ruritan can grow or not, you are probably right." Did you get that? What we believe, what

we perceive, we sometimes become. We have all the tools in place. We have a delivery system. We have communities with great need. We have good people. What we need is a passion to make Ruritan grow.

Curtis Graham, a long time employee and a person who might well be responsible for more club growth than anyone in history, once told me that "you can teach anyone to do anything, the most important attribute is attitude." I believe that we need to dig down and search for an attitude of love for Ruritan and make growth our first priority.

When you ask a member to join your club, you are giving that person a gift. A gift of new friends. A gift of allowing them to feel how good it feels to be a community servant. A gift of belonging to something bigger than themselves. The same is true for organizing a new club. When you build a Ruritan Club in a community, that community will reap the benefits for years to come. A gift.

This issue of Ruritan is chocked full of examples of the good Ruritan does all over America. Please make building clubs, recruiting members, and keeping them a priority.

We hope you enjoy the coming fall, your district conventions, and plan to attend our National Convention in Hampton, Virginia, January 17-20.

Landau Eugene Murphy Jr. is the soul and Sinatra-singing season six winner of NBC TV's "America's Got Talent." The former car washer's Columbia Records debut album produced by Grammy winner Steve Tyrell spent six weeks at #1 on the Billboard Jazz chart. Landau's follow-up holiday CD "Christmas Made For Two" raised thousands for the Children's Home Society of West Virginia and received nationwide airplay including Sirius/XM's "Holly" channel. Landau's self-titled third album was recorded at the famed Capitol Records studios in Hollywood, CA where Sinatra recorded some of his signature classics. ## **Founders' Day Take Two**

Mother nature was not kind to the events planned for Founders' Day 2018. Many of the outdoor events scheduled that day were cancelled due to inclement weather. Now the Holland Ruritan Club has been able to reschedule some of those activities.

On Saturday, September 22, 2018, there will be a beach music concert featuring the "Ocean Breeze Band" followed by a spectacular fireworks display. These events are free and open to the public and all are invited to attend. The music will begin at 7:00 p.m. and will be held at the Holland athletic complex.

On October 13, 2018, the big car show originally scheduled for Founders' Day will be held at the athletic fields and will begin at 10:00 a.m. We invite all Ruritans to come back and join us as we continue to celebrate the 90<sup>th</sup> birthday of the first Ruritan Club.
